**Events promoted by the Foundation “*Giuseppe Occhialini*”**

The Foundation entitled to one of the most prestigious Italian physicists of the XX century is preparing the celebration of the centennial of his birth (2007). In the frame of Wyp-2005, a series of initiatives aimed at promoting the physics culture among young students and public opinion is in progress:

-A symposium on “***Between Physics and Astrophysics***” dedicated to the centennial of the birth of Gilberto Bernardini; an interactive exhibition on “***Water for the sea***”; building a technoscientific unit for air quality monitoring; a number of activities for the education and guidance for students of secondary schools to be prepared for university studies.
